CSA publishes Oversight Review Report of Canadian Investor Protection Fund

Toronto – The Canadian Securities Administrators (CSA) today published the [Oversight Review Report of the Canadian Investor Protection Fund \(CIPF\)](#).

The report evaluates whether CIPF has complied with the terms and conditions of its approval orders, and whether regulatory processes are effective, efficient, and applied consistently and fairly. CSA staff completed a risk-based oversight review of CIPF that targeted specific processes within the following functional areas: Corporate Governance and Financial.

Based on the work performed, CSA staff are satisfied that CIPF has adequate applicable policies and procedures in place in the identified areas, with the exception of a low-priority finding, which is detailed in Part IV *Finding* of the report.

The CSA, the council of the securities regulators of Canada's provinces and territories, coordinates and harmonizes regulation for the Canadian capital markets.
